**COMMONWEALTH OF VIRGINIA DEPARTMENT OF EDUCATION RICHMOND, VIRGINIA
REQUEST FOR APPROVAL OF AN ALTERNATIVE ACCREDITATION PLAN – GRADUATION COHORT OF FIFTY OR FEWER STUDENTS**

Regulations Establishing Standards for Accrediting Public Schools in Virginia, (8 VAC 20-131-10 et. seq.) set the minimum standards public schools must meet to be accredited by the Board of Education. Accreditation of public schools is required by the Standards of Quality (§ 22.1-253.13:1 et. seq.). The annual accrediting cycle for public schools is July 1 through June 30. This cover sheet, with the supporting documentation, must be submitted to the Department of Education for review and recommendation to the Board at least 90 days prior to August 1 of the school year in which the plan is to be implemented.

8 VAC 20-131-280 of the *Regulations Establishing Standards for Accrediting Public Schools in Virginia* states (in part):

Subject to the provisions of 8 VAC 20-131-350 . . . schools offering alternative education programs and schools with a graduation cohort of 50 or fewer students as defined by the graduation rate formula adopted by the board may request that the board approve an alternative accreditation plan to meet the graduation and completion index benchmark. Special purpose schools with alternative accreditation plans shall be evaluated on standards appropriate to the programs offered in the school and approved by the board prior to August 1 of the school year for which approval is requested. Any student graduating from a special purpose school with a Standard, Advanced Studies, or Modified Standard Diploma must meet the requirements prescribed in 8 VAC 20-131-50.

The Board of Education, in its *Guidelines Governing the Implementation of Certain Provisions of the Regulations Establishing Standards for Accrediting Public Schools in Virginia*, states:

Schools described in this section are those that serve as a student's school of principal enrollment and where students are reported in fall membership for the school. Fall membership determines whether or not these schools are subject to the provisions of the accrediting standards; therefore, schools reporting fall membership are subject to the provisions of the standards.

In accordance with the provisions of 8 VAC 20-131-330 of the standards, local school boards may seek waivers of provisions of the standards to address the unique needs of these special purpose schools. Such requests may include an alternative accreditation plan. Applications must be submitted to the Board for consideration at least ninety days prior to August 1 of the school year. Requests for consideration must be accompanied by information that documents the need for approval of the request.

We, the undersigned, submit this request for review and approval by the Board of Education and understand that we are expected to appear before the Board to discuss the program and respond to questions raised.

**ALTERNATIVE ACCREDITATION PLAN TEMPLATE–
GRADUATION COHORT OF FIFTY OR FEWER STUDENTS**

School Name: Twin Springs High School

Division Name: Scott

School Address: 273 Titan Lane

Contact Person: Sam Parks

Phone Number: 276 479 2185

Email: lori.flanary@scott.k12.va.us

Proposed Duration of Plan: Five Years, including 2015-2016 accreditation cycle

Grade Levels Served: 8-12

Number of Students Enrolled by Grade: 8th – 60; 9th – 66; 10th - 47; 11th -65; 12th -56

If this school has a graduation cohort of fifty or fewer students and the school does not meet the 85% GCI benchmark, the school would like to apply for an alternative accreditation plan as indicated in 8 VAC 20-131-280 of the Regulations Establishing Standards for Accrediting Public Schools in Virginia.

Due to the small cohort size, one student can make a significant difference in the index. For this reason, the Graduation and Completion Index alone is not an appropriate measure for the school; additional criteria are needed to determine accreditation.

List the additional performance criteria on which you propose to base the school's accreditation and provide a proposed points award for meeting each criteria. The Graduation and Completion Index cannot be changed. Additional criteria proposed must be objective, measurable, and directly address the school's graduation rate.

(This will be different for each school. Use the sample indicators in the PowerPoint as a reference point. The Virginia Index of Performance may provide useful indicators that may be considered. This information can be found at: http://www.doe.virginia.gov/statistics_reports/va_index_performance_awards/index.shtml)

Description of Additional Criteria	Points Added to GCI for meeting criteria
GCI bonus for 50% of students scoring advanced proficient on SOL assessments	1
GCI bonus for 25% of students enrolled in Dual Enrollment classes	1
GCI for 50% of graduates enrolling in post-secondary education, joining the military, or obtaining a full-time employment	1
GCI bonus for 25% of students receiving CTE certifications	1
GCI bonus for 80% of students graduating with an Advanced or Standard diploma	1

The criteria listed above will be applied to the Graduation and Completion Index during one or more accreditation cycles over the next five years (through 2015-2016) only if: a) the school fails to meet the GCI benchmark for full accreditation, and b) the cohort size for the graduating class is 50 or fewer students according to the On-Time Graduation Rate cohort formula. If the criteria are applied, the maximum number of GCI points allowable according to cohort size will be:

- 0-14 students: no bonus points assigned. A written appeal to the State Superintendent of Public Instruction will be submitted
- Maximum of 5 points for cohorts of 15-20 students
- Maximum of 4 points for cohorts of 21-40 students
- Maximum of 3 points for cohorts of 41-50 students

The division will submit a written appeal of the accreditation rating to the State Superintendent of Instruction for cohort sizes of less than fifteen students or in cases where special circumstances warrant explanation and consideration in addition to the maximum point values outlined above.

III. List those individuals who were involved in the development of the proposed plan.
