**SALARY, FRINGE BENEFITS & SCHOOL CALENDAR COMMITTEE**

**PRESENTATION:** Justin Forrester, Salary, Fringe Benefits & School Calendar Committee Chairman, presented the School Calendar Proposal for the 2011-2012 school year. He reported that three more instructional days were added to the first semester. He explained that a matter discussed in regard to the proposed school calendar and that may need further review, is consideration of the state law for makeup days due to inclement weather. Mr. Forrester presented the following proposal:

1. The committee recommends funding two step increases for the 2011-12 school year and eliminating steps 30 through 32 on the *Teachers' Salary Schedule*. (He requested consideration be given to providing two steps to catch up and maintain the integrity of the scale as there was no step last year. He stated that on the extra years that were added in (to the scale) a year or two ago, the committee requests that the teachers that are at the top of the salary scale, that the extra \$1,000 that you built in for the VRS, be maintained and not take away since and it was a motive for the teachers at the top.)
2. The committee recommends that any possible salary increase for all full-time employees be based on percentage of actual salary.
3. The committee recommends continuing (a) to maintain health insurance premiums for employees at the lowest possible rates without a reduction in benefits, (b) to offer the sick leave bank to employees, (c) to provide duty-free lunch for elementary teachers, and (d) to issue employee contracts as early as possible before the end of the 2010-2011 school year.
4. The committee recommends that the School Board continue to evaluate and equalize all non-classified staff's salary scales, with particular attention to the nurses' scale, including the possibility of extending nurses' contracts to 185 days.

With regard to the Proposed School Calendar for 2011-2012, Mrs. McClelland questioned the January 2 date being scheduled as a teacher work day since it is a national holiday and asked if this matter was given consideration by the committee.

Mr. Forrester reported that this matter was considered by the committee.

**APPROVAL OF 2011-2012 SCHOOL CALENDAR:** Superintendent Baker recommended approval of the 2011-2012 School Calendar with the caveat that further discussion and consideration be given in the future with regard to the teacher work day proposed on January 2. Also he reported that he plans to work a couple more professional development days into the calendar for the fall (September 2011) and spring (March 2012) for best practices workshops. He explained that they can work together on how best to achieve this.

On the recommendation of Superintendent Baker and on a motion by Mr. Campbell, seconded by Mrs. Blair, all members voting aye, the Board approved the following 2011-2012 School Calendar with the caveat that further discussion and consideration be given in the future with regard to the teacher work day proposed on January 2 and Superintendent Baker's request for additional professional development days in the fall and spring:

**SPORTS COMPLEX UPDATE:** Prior to speaking on the Sports Complex Update, Superintendent Baker recognized Dr. David Redwine and Mr. Chad Hood, County Board of Supervisors Members, present in the audience. He expressed appreciation for their interest in the school system. He also expressed thanks for all the county has done for the school system.

Superintendent Baker reported that he felt it important for the Board to be informed of financial matters with the Sports Complex Project. He stated that he and John I. Ferguson, Assistant Superintendent for Student Affairs & Operations, and Robert Sallee, Building Services Director, have reviewed the project and they will present an update on the project.

Assistant Superintendent for Student Affairs & Operations Ferguson presented detailed expenditure information to date on the following items:

- Phase 1 Work – Site Work
  - Change Order #1 – Field Construction
  - Change Order #2 – Infield mix, removable fence panels and sidewalks
  - Excavation work for underground piping
  - Concession stand construction
- Total \$1,373,267.29

Building Services Director, Robert Sallee, presented a balance due and a detail of expenditures remaining for Sports Complex as follows:

- Balance due for Summers-Taylor \$447,745.48
- Balance due BLS \$23,770.74
- Estimate for concession stand completion \$112,225.00
- Items needed for Sports Complex operation \$88,500.00
- Total \$672,241.22

Mr. Sallee provided Sports Complex Track & Field Site Improvement Plan drawings & details on items of concern for operation & estimated cost at \$961,200.00.

Superintendent Baker and Mr. Sallee reported on an item that was brought up to the county and Superintendent Baker from the Virginia Department of Transportation in regard to access from the highway onto Filter Plant Road. Mr. Sallee reported that a traffic study was completed by Wilbur Smith Associates and that items of concern have been discussed with Marty R. Halloway, VDOT Representative. He explained that one of VDOT's highest concerns is how a lot of that traffic is actually going to be students.

Superintendent Baker reported that with the current configuration, the small cross-over with no turning lane onto Filter Plant Road, he felt, as superintendent, could not authorize the opening of the complex due to a concern for student safety in traveling southbound and trying to turn left onto Filter Plant Road and explained that he expects there to be rear-end and t-bone collisions. Also he said that he understands that there is no probability of a bridge off Hwy. 71 as the state has no funds available at this time to build a bridge. He explained that a suggestion that has been made is asking the County Board of Supervisors to request that the cross-over be closed and for traffic to go on down and make a "U" turn and come back up northbound and exit much safer on Filter Plant Road. He reported that this was something that had apparently come up last year and never got resolved and he received a letter on it last week. He further reported that school division personnel will meet with VDOT and county officials and try to work out the most reasonable and safest way to handle access off of Hwy. 23. He commented that he hopes to know more by the next school board meeting.

Superintendent Baker reported that what he wanted is for the Board to know exactly where the construction stands, what needs to still be done, how much it's probably going to cost and how much we still owe. He commented that he hopes that someone has some good ideas since he doesn't have an answer right now. He further commented that he is presenting the facts that he felt the Board should know, the cost of what has been done, what needs to be done and that he felt it is the only proper for them to know and that is the purpose in the report to the board tonight.

**APPROVAL OF CHANGES TO THE CURRENT 2010-2011 SCHOOL**

He explained that there is a \$604,710 revenue shortfall and that the proposal does not include a salary increase or steps for employees. He explained that level funding has been budgeted to be requested from the county. He stated that this is tough budget times and explained the loss of \$1.2 million in federal funds. He reviewed some big ticket items in the proposed budget and discussed some cuts he had already made to some of the line items. He reported that it does not appear at this time that funds will be available for a salary increase.

Superintendent Baker reported that 80 (plus) employees (spouses that both are employed by the school division) are currently not being charged any premiums for their health insurance policies and explained that this has been done for a number of years. He explained that if these employees would be required to pay a premium this would be approximately \$153,000 in additional premiums and a 3% revenue increase. He explained that Anthem recommended a 10% increase in health insurance premiums. He explained a need to keep premiums down and asked board members to inform him of their recommendation. Several board members voiced that all employees need to pay their fair share of health insurance premiums. He explained that the school division's Health Insurance Consultant, Matt Smith, will be asked to attend the March 29 school board meeting. He stated the hopes of presenting a balanced budget and request to the County Board of Supervisors to provide level funding. He reported that the 3.2 million line of credit needs to be paid by June 30 and explained that he will need to once again ask for a line of credit for the following budget year.

Superintendent Baker reported that the 2010-2011 School Budget was based on 3,745 students and reported that the current enrollment is at 3,690 students; therefore, expressing a need to base the proposed budget on a school population as close as possible. He explained that federal stimulus and stabilization funds have helped but that there is only \$700,000 left in federal jobs funding which will be used for 16 teacher contracts for the 2011-2012 school year. Another matter discussed was the need to replace textbooks.

Superintendent Baker stated that if the budget situation gets better as we move forward he would like to request board approval to give employees a bonus later on in the next budget year. He stated that the goal is to try to keep all employees, continue to pay both the employer and employee's portions of VRS (he explained that in many school divisions the employees pay 5% toward VRS), and not have to raise health insurance rates.

**BUDGET WORK SESSION ADJOURNED:** There being no further budget items to discuss, Mr. Campbell made a motion to adjourn at 9:50 p.m., motion was seconded by Mrs. Blair, all members voting aye.
