Scott County Head Start invoices & payroll in the amount of \$33,611.34 as shown by warrants #10159-10197.

SCHOOL BOARD APPRECIATION: Superintendent Ferguson expressed appreciation to board members and read the Certificate of Recognition from Governor Robert F. McDonnell recognizing February 2012 as School Board Appreciation Month in the Commonwealth of Virginia. He also presented a certificate to each school board member from the Virginia School Boards Association in recognition of School Board Appreciation Month.

PRESENTATION FROM SCOTT COUNTY PUBLIC SCHOOL HEAD START DIRECTOR – HELEN HENDERSON: Helen Henderson presented a budget update for the Head Start Program detailing the situation due to a notification she received of the 1.5% across the board cuts of federal funding. She explained that this reflects an \$18,494 loss of funding for the program and that they will be unable to pay the school system any of the \$20,000 allocated in the FY2012 budget. She stated that she understands this to be a permanent funding cut and therefore expected that the school board will honor and accept the limitations understood and agreed to when the funds were originally allocated in the FY2011 budget and discussed with then superintendent, James Scott. She explained that at that time it was discussed and made with the understanding that should there be budget cuts or unforeseen expenditures that the program might not be able to meet the obligation to the school system.

Mrs. Henderson asked that the Board approve a reallocation of these funds back to the Head Start budget. She reported that there is a mandated 20% local match which has always been an in-kind contribution of time and services with volunteers, etc. instead of cash. She reported that the mandated amount of \$303,612 is verified by the auditors. She also reported that close to 10,000 Scott County pre-school children have benefited from the program and been prepared for kindergarten in the last 46 years at no local or state cost. She asked that the school board be advocates for the Head Start Program and assist in finding funds from a local source to help cover rising costs.

Mrs. Henderson informed the Board that the Head Start Program undergoes a federal monitoring review every three years and explained changes to the process. She informed the Board of their responsibility to ensure that there is no systemic or material failure of the governing body of an agency to fully exercise its legal and fiduciary responsibilities or an unresolved area on non-compliance. She reported that the requirements are but three of seven identified triggers which could ultimately identify the grant for re-competition.

Mrs. Henderson informed the Board that effective December 9, 2011, the Administration for Children and Families (ACF) converted all continuous Head Start grants into five-year grants and explained that all grantees will be reviewed to determine if it meets any of the conditions that require re-competition or if the grantee will receive its first five-year grant non-competitively. She explained that within six months of December 9, 2011, each Head Start grantee wishing to be designated as a high quality Head Start Program worthy of renewal for a five year period without competition must request that status from ACF, which she explained must be signed by the Board chair. She reported that the Head Start Program is awaiting guidance from ACF for specifics as to how to request this designation. She also reported that she is awaiting a conference call tomorrow in regard to this and will keep the Board informed. She commented that the Kindergarten teachers have been very supportive of keeping the Head Start Program and Ms. Henderson thanked the Board for their time.

APPROVAL OF REALLOCATION OF FUNDS TO SCOTT COUNTY PUBLIC SCHOOL HEAD START

BUDGET: On a motion by Mr. Quillen, seconded by Mr. Saltee, all members voting aye, the Board approved the Scott County Public Schools funding agreement amount of \$20,000 to be re-allocated to the Scott County Public School Head Start Budget.

Chairman Jessee commended the Head Start staff for the good job that they do and asked them to come back to the Board should they need further help.

Accreditation and AYP

A school's state accreditation rating reflects overall achievement in English, history, mathematics and science.

No Child Left Behind Act of 2001 (NCLB) requires states to set annual measurable objectives of proficiency in reading and mathematics, participation in testing, and graduation and attendance.

Schools and school divisions that meet the annual objectives required by the federal education law are considered to have made adequately yearly progress (AYP).

HEALTH INSURANCE UPDATE – K.C. LINKOUS: K.C. Linkous, Human Resources Manager, reported that due to a concern about school bus drivers being included in group coverage a survey was conducted in which bus drivers were polled to see who is interested in the health/dental coverage. She explained that counties were polled on their policy for insurance coverage for bus drivers. She pointed out a couple of items on the survey such as out of 50 drivers 22 participated in the survey and 18 of those 22 are interested in health insurance. She also reported that 30 counties were surveyed with 18 counties responding to a survey on whether they have a policy that covers bus drivers with results as follows: 15 of the 18 counties provided insurance and 3 did not. She further reported that of the 15 counties providing coverage one division offers the option to join the group plan at 50% of the premium cost which is a much higher rate than the full-time employees; one division offers the option to join the group plan at a different rate than full –time employees; and one division offers the option to join the group plan but drivers pay a higher premium than full-time employees.

Mrs. Linkous informed the Board that according to the Health Insurance Administrator’s Guide, for Groups of 100+ an Eligible Employee is: **A full-time, active permanent employee of the group who works at least 30 hours per week throughout the year as of the effective date of coverage.** She reported that a health insurance meeting was held on January 23 which was very informative. She explained that Anthem answered several questions and provided details about medical discounts, administrative costs and employee eligibility. She also reported that she and Angie Vermillion have been conducting educational training at the schools to better inform employees on health insurance and how they may help cut down on costs. She reported that the fund is building and doing well compared to last year.

SCOTT COUNTY TIME SURVEY 2011 – JUSTIN FORRESTER, SCEA PRESIDENT: Justin Forrester, Scott County Education Association President, presented comments on a SCEA Time Survey conducted. He commented that maybe it would be helpful and beneficial to the school system during budget talks.

DISCUSSION AND APPROVAL OF JOINT MEETING DATE: After discussion of possible dates submitted from the Board of Supervisors for possible dates to hold a Joint Meeting, the school board decided to meet on February 21. On a motion by Mr. Kegley, seconded by Mr. Quillen, all members voting aye, the Board approved a Joint Meeting to be held at 6:30 p.m. on Tuesday, February 21, at the Scott County Career & Technical Center.

APPROVAL OF SCHOOL BOARD MEMBERS TO SERVE ON BUDGET COMMITTEE: Mr. Kegley, Board Member, suggested that a budget committee of the Board could be advantageous in gaining a better understanding of the budget. Chairman Jessee asked for volunteers to serve on a budget committee. On a motion by Mr. Quillen, seconded by Mr. Spivey, all members voting aye, the Board approved Steve Saltee and Jeff Kegley to serve on a budget committee.

DIVISION-WIDE CONTRACT FOR COPIERS: Mr. Kegley reported that although he understands the schools have different copier contracts he thought the school division could probably get a better deal with the the whole county being considered. He commented that he understands that maybe there may not be a lot of contracts up at the same time and suggested that maybe a long term plan could be put in place to get something done. He reported that free training is available for the teachers to learn better copier use with less waste of paper and ink.

Superintendent Ferguson was directed to do a county-wide survey of the schools and provide information at the next meeting.

RECYCLING PAPER AT SCHOOLS: Mr. Kegley suggested placing a dumpster at each school for paper recycling. He explained that the county can haul the paper for recycling and a check would then be made to each individual school. He further explained that this would help alleviate the tonnage fees the county is paying for the waste. He reported that there would be an initial cost for waste dumpsters.

Superintendent Ferguson was directed to look into the matter of recycling of paper at the schools and report back at a future meeting.

PUBLIC COMMENTS: Lisa Taylor, parent, presented comments on a school bus situation, the need for changing a classroom at a school, phone calls to the central office and spoke in support of teacher aides needing a raise.

Kevin Moore, school bus driver, stated he agreed with and understood the safety reasons for a policy that the school division has that an adult is to be visible when elementary school children are discharged from the school bus. He explained that in addition to that policy children who have a note on file at the school signed by the parent can then be discharged without an adult being visible. He explained the hardship with the responsibility of trying to keep up with who has notes and who doesn't when you have 60 students on a bus. He also explained that many of the students live where the houses are not visible from the road and expressed concern regarding many other variables surrounding this responsibility which makes it difficult while trying to maintain the safety of the students. He asked if there is any way to simplify matters.

Superintendent Ferguson explained that the policy was put in place for the safety of the students.

Jason Smith, Supervisor of Personnel/Middle Schools, commended Mr. Moore for the job that he does and his concern for the responsibility and safety of the students. He also reported that he met and discussed this matter with Mr. Moore last week. He explained that the current policy is being reviewed and that the policy in place was worked out with the assistance of the school board attorney. He informed Mr. Moore he will get back to him by the end of the week.

Chairman Jessee informed Mr. Moore that staff will continue working on getting things ironed out.

UPDATE ON CURRENT AND PROPOSED SCHOOL BUDGETS: Superintendent Ferguson reported on a comparison of projected changes to the current year's state revenue and explained that the revenue is still subject to change. He also reported that, for the proposed school budget, information is very limited at this time. He explained that the governor's proposal is subject to change and that the General Assembly is set to adjourn March 10. He further explained that the House and Senate will present proposals and as soon as he finds out figures he will inform the Board.

APPROVAL OF SCHOOL EMPLOYEES SELF-FUNDED HEALTH INSURANCE COMMITTEE: On the recommendation of Superintendent Ferguson and on a motion by Mr. Kegley, seconded by Mr. Spivey, all members voting aye, the Board approved the School Employees Self-funded Health Insurance Committee members for 2011-12 as follows:

Linwood Holton Governor's School Advisory Board.

APPROVAL OF MARCH 19 - SCHOOL MAKE-UP DAY: On the recommendation of Superintendent Ferguson and on a motion by Mr. Quillen, seconded by Mr. Kegley, all members voting aye, the Board approved March 19 as a make-up day for the January 13 day students missed due to inclement weather.

TEACHERS NOT REQUIRED TO MAKE UP PROFESSIONAL DEVELOPMENT DAY: On the recommendation of Superintendent Ferguson and on a motion by Mr. Kegley, seconded by Mr. Sallee, all members voting aye, teachers will not be required to make up their March 19 professional development time which was scheduled for that date. Their work would be documented on paper.

BUILDING SERVICES UPDATE: Robert Sallee, Supervisor of Building Services, presented a list of building services employees and commended them for the good job that they do. Mr. Sallee presented a Building Services Update and a detailed presentation on the lighting upgrades including wattage savings at Gate City Middle School, Rye Cove High School and Twins Springs High School gyms. He recognized Wade Smith, Rexell Wholesale, and Mike Horn, Precision Electric in the audience. He commented on always looking at finances and savings along with different vendors and options while moving forward.

APPROVAL OF VENDORS FOR BUILDING SERVICES: On the recommendation of Superintendent Ferguson and on a motion by Mr. Kegley, seconded by Mr. Sallee, all members voting aye, the Board approved Kingsport Armature & Electric to be added to the following Building Services Department current vendors which do not require a typed requisition for goods under \$500.00:
