Mr. Bayse presented a power point presentation on the results of negotiations for the school health insurance that took place June 6, 2012. The recommendation was to go with the Third Party Administer, MedCost, from North Carolina. Mr. Bayse explained that MedCost has a top notch network which consists of Highlands Wellmont, Mountain States (MSHA), and the Virginia Health Network (VHN). Mr. Bayse also stated that MedCost's administration fees were \$68,254 less than the current carrier Anthem and that MedCost has agreed to waive the first months fees of \$9,800 and also give the school system a two year rate guarantee on these fees (except for the reinsurance which is based on the usage of large claims).
