GRANT: Ms. Brenda Robinette, Supervisor of Special Education, presented a request from the

She explained that even though student enrollment has dropped for the county by approximately 113 students, special education numbers have risen from 607 students to 628 as of December 1, 2016. Ms. Robinette also stated that the VDOE has placed a copy of 10 students to one teacher and paraprofessional in the life skills programs where children spend more that 50% of their time and for Autistic Children that Teacher/Student ratio is one teacher for 8 students. She stated that Scott County Schools has two classes that are over that requirement, both at Shoemaker Elementary. Ms. Robinette said that in addition, special education teachers who work directly with classroom teachers

in inclusion settings, sometimes have to split their time between two teachers during the same class period. We have one such teacher at Gate City Middle School split between two teachers.

The Special Education Advisory Committee is requesting that you consider hiring additional special education teachers to address these areas. The committee has also requested a Transition Coordinator for the past several years to assist secondary students with disabilities to find employment and to monitor their success while on the job. The VDOE is mandating that all students have work experiences beginning with the 9th grade class of 2018-2019. The committee is requesting that a building be constructed so that life skills students could open a used garment shop to the public. The building would need to consist of four rooms: a receiving room in order to take in clothing donations to be sorted; a washing/drying room with shelving to clean the items; a room with shelving, racks, and cash register for sales, and a family bathroom for students and the public to use.

Ms. Robinette presented for approval the Special Education Annual Plan/Part B Flow Through Grant. On a motion by Ms. Gillenwater, seconded by Mr. Templeton, all members voting aye, the Board approved the Special Education Annual Plan/Part B Flow Through Grant as presented. (Appendix H)

Maintenance of Effort

The Virginia Department of Education (VDOE) is required by federal regulation to ensure all school divisions in Virginia comply with §300.203 of the Individuals with Disabilities Education Act (IDEA), which mandates that school divisions meet a maintenance of effort (MOE) obligation. This regulation requires school divisions to spend at least the same amount from at least one of the following sources: (i) local funds; (ii) state plus local funds; (iii) local per capita; or (iv) state plus local per capita for a current school year on the delivery of special education and related services, as were spent for the most recent fiscal year (i.e.g, 2015 - 2016) for which the information is available, subject to the Subsequent Years rule.

34 CFR §300.203(a) requires that in order for an LEA to be eligible for an IDEA Part B subgrant for the upcoming fiscal year, the LEA must budget, in each subsequent year, at least the same amount that it actually spent for the education of children with disabilities in the most recent fiscal year for which information is available, subject to the Subsequent Years rule. When establishing eligibility, an LEA is **not** required to use the same method it used to meet compliance standard in the most recent fiscal year for which the information is available. An LEA can change methods to establish eligibility from one year to the next, as long as the division uses the same method for calculating the amount it spent in the comparison year for which it is establishing eligibility.

Provide the total local and the total state plus local expenditure budget and per capita amount for the school division's total special education program for the years designated below. The projected/estimated expenditure budget amounts provided must be reviewed and confirmed by the division's fiscal's office.

http://www.doe.virginia.gov/special_ed/grants_funding/index.shtml

If an LEA determines that the budget above did not meet the eligibility standard in any of the four methods for which the information is available, an LEA is allowed to consider Exceptions under §300.204 and Adjustments to MOE under §300.205 to the extent the information is available. These exceptions and adjustments must also be taken in the intervening year (i.e., SY2016-2017) and that the LEA reasonably expect to take these exceptions and adjustments in the year it is budgeting (i.e., SY2016-2017). Please describe which allowable exceptions will be used and provide the corresponding dollar amount. For additional guidance, refer to:

l	
l .	
l	

NOTE: The Dec. 1, 2016 Child Count totals should be used to compute the per capita amounts. The Child Count should be adjusted to exclude students funded through CSA. The Division must budget the same or higher amounts to meet the MOE eligibility requirements using either dollar or per capita amounts.
