### SCOTT COUNTY SCHOOL BOARD

### MINUTES OF REGULAR MEETING, NOVEMBER 5, 2020

The Scott County School Board met for their regular meeting (Electronic Meeting) on Thursday, November 5, 2020 at 6:30 p.m. Pursuant to the approval of Resolution No. 20-001-VSBA Legal and Regulatory Changes to Comply with State Temporary Laws and Regulations and Resolution No. 20-002-Adoption of Procedures of the Locality for Electronic Public Meetings to ensure the continuity of Government during the COVID-19 Pandemic Disaster/adoption of Ordinance 2020-02 of the Board of Supervisors to effectuate temporary changes in certain deadlines and to modify public meetings and public hearing practices and procedures to address continuity of operations associated with the Pandemic Disaster. This will outline the business to be discussed on the agenda with the following members present via teleconference and three members present in office (340 E. Jackson St., Gate City, VA 24251):

David Templeton, Chairman
Lon Stephen "Steve" Sallee, Jr., Vice-Chairman
Linda D. Gillenwater
Gail L. McConnell
Robin Hood
William "Bill" Houseright

OTHERS PRESENT: John I. Ferguson, Division Superintendent; Jason Smith, Assistant Superintendent; Will Sturgill, School Board Attorney; Beverly Stidham, Purchasing Agent/School Board Clerk; Angela Johnson, Head Start Payroll Clerk/School Nutrition Agent/School Board Deputy Clerk; Kelly Houseright, Teacher/Girls Basketball Coach, Gate City High School.

A You Tube Link was available for the public to view this meeting.

<u>CALL TO ORDER/MOMENT OF SILENCE/PLEDGE OF ALLEGIANCE</u>: Chairman Templeton called the regular meeting to order at 6:30 p.m. of the Scott County School Board and welcomed everyone to the meeting. After doing so, he asked everyone viewing electronically and everyone at the office to observe a moment of silence and then led in citing the *Pledge of Allegiance*.

<u>APPROVAL OF AGENDA:</u> On a motion by Mr. Steve Sallee, seconded by Ms. Linda Gillenwater, all members voting aye, the Board voted to approve the agenda as presented.

APPROVAL OF OCTOBER 6, 2020 REGULAR MEETING MINUTES: On a motion by Mr. Steve Sallee, seconded by Mr. Bill Houseright, all members voting aye, the Board voted to approve the minutes of the October 6, 2020 regular meeting as presented.

<u>APPROVAL OF OCTOBER 22, 2020 SPECIAL CALLED MEETING MINUTES:</u> On a motion by Ms. Linda Gillenwater, seconded by Mr. Bill Houseright, all members voting aye, the Board voted to approve the minutes of the October 22, 2020 Special called meeting as presented.

<u>APPROVAL OF CLAIMS:</u> On a motion by Mr. Gail McConnell, seconded by Mr. Steve Sallee, all members voting aye, the Board voted to approve the claims as follows:

School operating fund invoices and payroll in the amount of \$795,382.65 as shown by warrants #8131941-8132137 and electronic payroll direct deposit in the amount of \$1,361,262.95 & electronic tax deposits in the amount of \$521,104.43. Cafeteria fund invoices & payroll in the amount of \$189,915.55 as shown by warrants #1019998-1010036; electronic payroll direct deposit for cafeteria in the amount of \$45,404.94; and electronic tax deposits in the amount of \$14,088.28. Head Start invoices totaling \$82,961.60 as shown by warrants #21830-21973.

### PRESENTATIONS:

Superintendent Ferguson presented Ms. Kelly Houseright, Gate City High School Girls' Basketball Coach with a resolution from the School Board recognizing the Girls' Basketball team on their accomplishment of being the 2A State Girls' Basketball Champions for the 2019-2020 Season. Superintendent Ferguson emphasized that even though the School Board had recognitions for each team member to show their support in a resolution from the Board, his wish was for him and the Board to recognize the team in person at a later date when it was safe to bring them together.

**PUBLIC COMMENT:** There were no public comments made at this meeting.

### **SUPERINTENDENT'S REPORT:**

### DISCUSSION/APPROVAL OF HEALTH INSURANCE CONSULTANT/INDEPENDENT BENEFIT CONSULTING-ALAN BAYSE FOR THECALENDAR YEAR JANUARY 1, 2021-DECEMBER 31, 2023:

(APPENDIX A)—Superintendent Ferguson spoke to the Board about the process that the Health Committee had been through to secure bids and the interview process to seek a health insurance consultant for the School System. The Board reviewed the document of questions that were presented to each potential consultant and the minutes from the insurance committee. With no questions or comments, a motion was asked to accept the Health insurance committee's recommendation for the next three years of Independent Benefit Consulting, Consultant-Mr. Alan Bayse.

On a motion by Mr. Gail McConnell, seconded by Mr. Steve Sallee, all members voting aye, the Board voted to approve the Health Insurance Consultant as recommended by the Health Insurance Committee-Independent Benefit Consulting with Mr. Alan Bayse as the Insurance Consultant for the School System for the calendar years January 1, 2021-December 31, 2023.

INFORMATIONAL-SCOTT COUNTY, RECIPIENT OF COVID RELIEF MONEY (CRF): (APPENDIX B)—Superintendent Ferguson explained to the Board that Scott County has been awarded federal funds for the school division. (CRF) Coronavirus Relief Funds were provided to states under the CARES Act, and a portion is being made available directly to school divisions to help cover costs in preparing for, responding to, and mitigating the impacts of the COVID-19 pandemic. These awards are for the costs incurred related to operating public schools during the first months of the 2020-2021 school year, but can be used for qualifying costs back to March 1, 2020.

DISCUSSION/APPROVAL OF 2020-2021 INCLEMENT WEATHER PROGRAM: (APPENDIX C) — Superintendent Ferguson reviewed with the Board the 2020-2021 Remote Learning information for Inclement weather days in accordance with the Superintendent's Memo #230-20 that was issued on August 28, 2020 which reinforced statutory and regulatory requirements that remain in place for the 2020-2021 school year. School divisions are expected to meet both the length of school term (also known as the 180-day or 990-hour requirement) and core instruction minimums, among other standards. Divisions unable to offer 180 days and 990 hours to each student in the brick-and-mortar setting will be required to submit a length of school term waiver based on flexible waiver criteria, as further defined in the memo, which established an alternative baseline for demonstrating completion

for the 2020-2021 school year. Core instructional requirements could also be met through a combination of in-person and remote instruction.

On a motion by Mr. Gail McConnell, seconded by Ms. Linda Gillenwater, all members voting aye, the Board voted to approve the 2020-2021 Inclement Weather Program as presented by Superintendent Ferguson.

### APPROVAL OF HEAD START FINANCIAL REPORT FOR SEPTEMBER, 2020: (APPENDIX D) -

On a motion by Mr. Bill Houseright, seconded by Mr. Steve Sallee, all members voting aye, the Board voted to approve the September 2020 Head Start financial report as presented by Superintendent Ferguson on behalf of Head Start Director, Kathy Wilcox.

### APPROVAL OF EARLY HEAD START FINANCIAL REPORT FOR SEPTEMBER, 2020: (APPENDIX E) -

On a motion by Mr. Bill Houseright, seconded by Mr. Steve Sallee, all members voting aye, the Board voted to approve the September 2020 Early Head Start financial report as presented by Superintendent Ferguson on behalf of Head Start Director, Kathy Wilcox.

Superintendent Ferguson presented the October 2020 Head Start Director's Report on behalf of Head Start Director, Kathy Wilcox. With no comments or questions, then next agenda item was presented.

<u>CLOSED MEETING:</u> Mr. Gail McConnell made a motion to enter into closed meeting at 7:00 p.m. to discuss Head Start personnel, Teachers, Coaches, Secretaries, Custodians, and Bus drivers as provided in Section 2.2-3711 of the Code of Virginia, as amended, the motion was seconded by Mr. Steve Sallee, all members voting aye.

**RETURN FROM CLOSED MEETING:** All members returned from the closed meeting at 7:32 p.m. with a roll call vote being held, and on a motion by Mr. Gail McConnell, seconded by Mr. Steve Sallee, the Board returned to regular session and Mr. Gail McConnell cited the following certification of the closed meeting.

### **CERTIFICATION OF CLOSED MEETING:**

WHEREAS, the Scott County School Board has convened a closed meeting on the date pursuant to an affirmative recorded vote and in accordance with the provisions of the Freedom of the Information Act and,

WHEREAS, Section 2.2-3711 of the Code of Virginia requires certification, by this Scott County School Board that such meeting was conducted in conformity with Virginia law;

NOW, THEREFORE, BE IT RESOLVED, that the Scott County School Board hereby certifies that, to the best of each member's knowledge, (i) only public business matters lawfully exempted from open meeting requirements by Virginia law were discussed in the closed meeting to which this certification resolution applies and (ii) only such public matters as were identified in the motion convening the closed meeting were heard, discussed, or considered by the Scott County School Board in the closed meeting

### **ROLL CALL VOTE:**

AYES: David Templeton, Steve Sallee, Linda Gillenwater, Gail McConnell, Bill Houseright, and Robin Hood.

NAYS: None.

ABSENT DURING THE MEETING: None.

### ITEMS BY ASSISTANT SUPERINTENDENT JASON SMITH:

### PERSONNEL:

### **RESIGNATIONS:**

On a motion by Mr. Steve Sallee, seconded by Ms. Linda Gillenwater, all members voting aye, the Board voted to accept the resignation request of Zach Dorton, bus driver, effective October 13, 2020.

On a motion by Mr. Steve Sallee, seconded by Mr. Robin Hood, all members voting aye, the Board voted to accept the resignation request of Zach Dorton, custodian, effective October 12, 2020.

On a motion by Ms. Linda Gillenwater, seconded by Mr. Steve Sallee, all members voting aye, the Board voted to accept the resignation request of Ashley Kincer, theatre coach, Rye Cove High School, effective October 29, 2020.

On a motion by Mr. Steve Sallee, seconded by Ms. Linda Gillenwater, all members voting aye, the Board voted to accept the resignation request of Julie Bowen-Dunworth, teacher, effective November 13, 2020.

### **EMPLOYMENT:**

On a motion by Mr. Gail McConnell, seconded by Mr. Bill Houseright, all members voting aye, the Board voted to approve the employment of Kala Ball, teacher, effective October 1, 2020.

On a motion by Mr. Robin Hood, seconded by Mr. Gail McConnell, all members voting aye, the Board voted to approve the employment of Traci Smith, Rye Cove High School, Middle School Volleyball Coach, effective October 29, 2020.

On a motion by Mr. Gail McConnell, seconded by Mr. Robin Hood, all members voting aye, the Board voted to approve the employment of Reagan Kerns, Rye Cove High School, Middle School Volleyball Coach, effective October 29, 2020.

On a motion by Mr. Robin Hood, seconded by Ms. Linda Gillenwater, all members voting aye, the Board voted to approve the employment of Silk Carter, theatre coach, Rye Cove High School, effective, October 29, 2020.

On a motion by Mr. Steve Sallee, seconded by Bill Houseright, all members voting aye, the Board voted to approve the employment of Sara Kilgore, non-stipend Girls' basketball coach, Gate City High School, effective, November 5, 2020.

On a motion by Mr. Steve Sallee, seconded by Mr. Gail McConnell, all members voting aye, the Board voted to approve the employment of JR Barnes, full-stipend Girls' assistant basketball coach, Gate City High School, November 5, 2020.

### **RETIREMENT:**

On a motion by Mr. Bill Houseright, seconded by Ms. Linda Gillenwater, all members voting aye, the Board voted to accept the retirement request of Ms. Sherry Bridwell, administrative assistant, effective January 1, 2021.

### **SUBSTITUTE TEACHERS:**

On a motion by Mr. Steve Sallee, seconded by Mr. Robin Hood, all members voting aye, the Board voted to approve the substitute teacher list as presented by Mr. Jason Smith.

### **BOARD MEMBER COMMENTS:**

Mr. Bill Houseright encouraged everyone to keep hanging in there especially with the Virtual learning as we go forward and stated that he hopes we can get everyone back in school as soon as possible.

Ms. Linda Gillenwater wished Ms. Sherry Bridwell well on her retirement and stated that she too wished for all students to be back onsite learning as quickly as possible.

Mr. Robin Hood congratulated the Gate City High School Girls Basketball Team and Coach Kelly Houseright on their accomplishment of being the 2A State Girls' Champions.

Chairman David Templeton wished Ms. Bridwell well in her retirement. He stated that everyone is learning from this experience that the Pandemic has caused and the Board and everyone will keep doing the best we can.

**ADJOURNMENT:** There being no further business to discuss, the regular meeting of the Scott County School Board was adjourned at 7:40 p.m.

David Templeton, Chairman

Beverly Stidham Clerk of the Board

- **A.** Discussion/Approval of Health Insurance Consultant
- B. Informational-Scott Co., Recipient of COVID Relief Money (CRF)
- C. Discussion/Approval of 2020-2021 Inclement Weather Program
- D. Approval of September 2020 Head Start Financial Report
- **E.** Approval of September 2020 Early Head Start Financial Report

### Health Insurance Virtual Meeting

### 10-23-2020

The meeting was called to order by chairperson, Anthony Shipley at 2:30pm. Angie Vermillion called role of members that were present: Anthony Shipley, April Carter, Brent Roberts, Christy Head, Hope Hensley, Jennifer Jayne, Jenny Houseright, Joel Jenkins, Milly Leighton, Samantha Gilmer, Scot Fleming, Tiffany Scott, Tina Cole. Members that were absent: Jeff Hass, Melissa Williams, and Kari White.

Mr. Ferguson, Carla Carter and Angie Vermillion were also attending the meeting.

Anthony Shipley summarized that the committee had interviewed three health insurance companies over the last three days. Innovative Group, Mark III, and Independent Benefit Consulting. Each of those interviewed were asked the same questions which was compiled by the committee members. Anthony opened the floor to the committee for any additional discussion as needed to occur. No discussion was made.

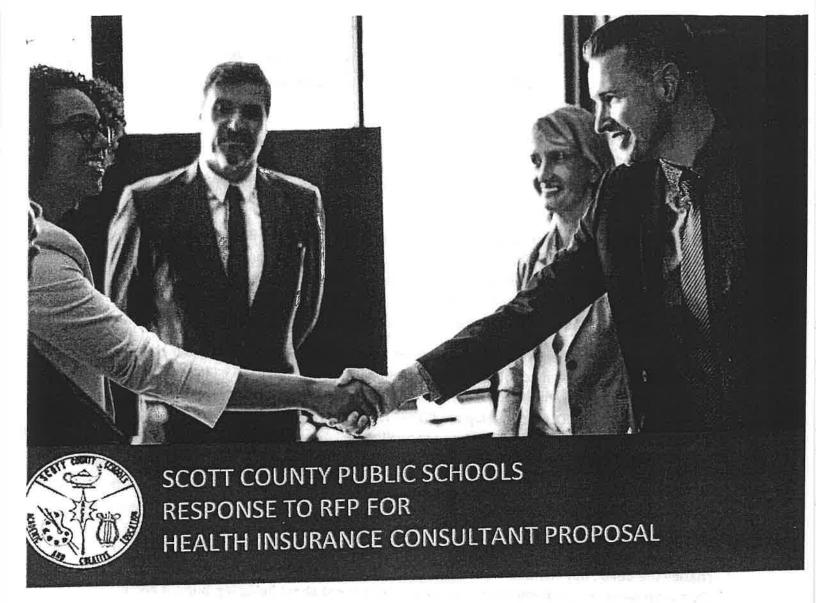

Joel Jenkins made a motion to recommend Independent Benefit Consulting, Mr. Alan Bayse as Health Insurance Consultant beginning January 1, 2021. Brent Roberts seconded the motion. No further discussion occurred regarding the motion. A unanimous vote of 13-0 was among the committee members.

Scot Fleming made motion to adjourn the meeting at 2:42pm. The motion was seconded by Milly Leighton. All committee members were in favor.

Appendix Attached: Interview Questions

### Appendix A

- 1. What experience do you have working with self-funded insurance entities? How many of those entities are school systems?
- 2. What has been your longest-term client and what is unique about the relationship? Who has been your most difficult client and why?
- 3. How do you stay current on what is happening in the healthcare industry from a national perspective to locally?
- 4. How many self-funded plans of similar size to Scott County have a TPA?
- 5. How will you help us improves the lives of our people? Beyond an affordable insurance plan.
- 6. What are some examples of cost-saving initiatives you have proposed to existing clients without largely increasing employee premiums?
- 7. What is your advice for saving money on prescription drug costs?
- 8. What steps can we take to keep the "PBM Gap" from getting out of control and have transparency with the cost of the prescription drugs from drug company to us?
- 9. How should we education employees about lowering their medical costs?
- 10. What can we do to lower costs when elective surgeries and other procedures begin to increase?
- 11. Do you assist with the completing and financing the GASB report and 1095s?
- 12. What is your consulting fee?

Alan Bayse, RHU, CBC, MSA Independent Benefit Consulting, LLC

### BRIEF HISTORY OF INDEPENDENT BENEFIT CONSULTING, LLC (IBC)

IBC is a young company with very deep roots. Our president, Mr. Alan Bayse spent five years with Blue Cross Blue Shield, four years with Corporate Benefit Consulting as a Vice President and twenty-two years as President of Bayse & Company before selling the business in 2013. He remained with the purchaser for a year before deciding the healthcare system was broken with huge bloated prices and decreasing quality of service.

He sought out people that were experiencing the same feelings but were doing something about it: people who seemed to have found a fresh new approach like Dave Chase ("The CEO's Guide to Restoring the American Dream"), Tom Emrick, Al Lewis ("Cracking Healthcare Costs") and Marty Makary, M.D. at Johns Hopkins ("The Price We Pay") plus many more individuals with fresh new "best-practice" approaches to healthcare.

His spirit and excitement were renewed. He returned to the healthcare arena in 2016, initiating the paperwork and in 2017, he began Independent Benefit Consulting. It was an approach that was limited to groups of over 100 employees with the intent to spend more personal direct time with groups, sharing with them proven results and blueprints for lowering costs while improving benefits. It was never meant to be a large cumbersome agency or consulting firm chasing the dollar, but one that is limited to the type of clients that want to better the life of their employees as well as improve the bottom line. It is not about being big, but it is about utilizing the latest in proven "best practices" while doing what is best for the client.

### HEALTH INSURANCE CONSULTING SERVICES

The following health insurance consulting services will be provided to Scott County Public Schools on an as needed basis:

- A) Evaluation of the current benefit plan, to include benefit breakdown and funding evaluation.
- B) Development of a benefit design and funding mechanisms conducive to the needs of the Schools.
- C) Review available networks (HMOs, PPOs, IPAs, PHOs) and plan designs (HSAs, HRAs, multiple other plan options) to determine the feasibility of including such networks and plan designs into the healthcare program.
- D) Development of special contractual agreements with providers (hospitals, physicians, substance abuse facilities and psychiatric facilities) as needed.
- E) Assist in securing discounts and development of a prescription drug program.
- F) Provide negotiated discounts with local hospitals and substance abuse facilities.
- G) Coordinate wellness programs to meet the current needs of participants, thereby providing future cost savings which result in a healthier group.
- H) Provide and participate in educational, informative and enrollment meetings as needed.
- Provide service throughout the year, including assistance in providing information and policies on regulation such as COBRA, Family & Medical Leave Act, and government legislation.
- J) Negotiate with current carriers and providers concerning services and rates.
- K) When necessary, development of a Request for Proposal (RFP) and the securing of competitive quotes. Following receipt of such proposals, they will be evaluated and presented to the School System in a comparison form and recommendations made at the request of the School System.
- L) Secure proposals, evaluate benefits, cost and negotiate competitive costs and programs for life, short term disability, long term disability, dental, vision, and other voluntary products.
- M) Responsible for keeping School System abreast of any new and updated information regarding the Affordable Care Act.
- N) Minimum of six visits per year plus more if needed during a bid year for health carriers.
- O) Maintain a direct line of communication at all times.
- P) Assist in providing financial reporting for postemployment healthcare benefits following the Government Accounting Standards Board (GASB 43 and GASB 45) standards.

In witness whereof, by execution of the parties below, this Service-Level Agreement will form a part of the Contract.

### **HEALTH ROSETTA**

### ADVISOR COMPENSATION DISCLOSURE FORM

Advisor: ALAN BAYSE

Scott County

Client: Public Schools Period: 1/01/2021 - 2023

### Overview

A key element of the Health Rosetta's mission is to help benefits purchasers like you build transparent, trusted relationships with the advisors that are critical to an effective benefits purchasing process, particularly in today's world of skyrocketing health care costs and limited ability for employees to bear those costs.

Advisor compensation is a small portion of total spend, but the right advisor can guide the way to dramatically and sustainably improving your plan costs and quality. The wrong ones can actually do more harm than good. As a result, the total amount paid to them shouldn't be the primary focus. Disclosing compensation helps build trust and identify potential conflicts.

High-value, forward-leaning advisors are worth their weight in gold. The strategies they use typically improve your bottom line, reduce your employees' out-of-pocket spend, and improve the quality of care they receive. Think of it this way.

Would you rather pay 4% to an advisor who reduces total spend by 15% or 20%, or 3% to one who "negotiates" a 15% increase down to 7%? For every 100 employees on an average plan, you'd save \$247,220 in year 1 and \$1.2 million in 5 years (net of the higher compensation).

Unwillingness to meaningfully and fully disclose all direct and indirect compensation is typically a red flag that an advisor's recommendations and incentives don't align with your interests. Benefits purchasing is full of undisclosed financial and non-financial conflicts that you wouldn't accept elsewhere from other vendors. These make intelligent purchasing decisions difficult.

You can find more resources or contact us at healthrosetta.org/employers to learn more about improving the cost and quality of your health plan, Health Rosetta Advisors, or how we help benefits purchasers. A special thanks to Eric Krieg at Risk International Benefits Advisory, David Contorno at E Powered Benefits, Josh Jeffries at Arkin Youngentob Associates, Tom Emerick at Edison Health, and Brian Uhlig at Alera Group for helping create this form. Each is a "worth their weight in gold" type.

About Us: The Health Rosetta ecosystem's mission is to help public & private employers and unions sustainably reduce health benefits costs and provide better care for the 150 million Americans that access care through their work. We maintain the Health Rosetta, an ever-evolving, open source blueprint for wisely purchasing benefits sourced from the highest-performing benefits purchasers and experts everywhere.

### **Overview of Services Provided**

Some fees may be estimates and will vary throughout the course of the year. However, they shouldn't vary significantly from estimates unless something significant and unplanned happens.

### COMMONWEALTH of VIRGINIA Department of Education

DATE:

October 9, 2020

TO:

Division Superintendents

FROM:

James F. Lane, Ed.D., Superintendent of Public Instruction

SUBJECT:

Federal Coronavirus Relief Funds (CRF) Awarded to School Divisions

This memorandum is to announce \$220.8 million in awards approved by Governor Northam from the federal Coronavirus Relief Fund (CRF) to each school division and other local education agencies. Coronavirus Relief Funds (CRF) were provided to states under the CARES Act, and a portion is being made available directly to school divisions to help cover costs in preparing for, responding to, and mitigating the impacts of the COVID-19 pandemic. These CRF awards are intended for costs incurred related to COVID-19 in reopening and operating public schools during the first months of the 2020-2021 school year, but can be used for qualifying costs back to March 1, 2020.

There is no private school equitable services requirement associated with school division use of CRF, as well no funds supplanting prohibition in spending CRF. Since there is no supplanting restriction, school divisions may want to consider using CRF for qualifying expenses in place of other funding sources initially used for the expense that can then be redirected for other purposes or that have longer spend-down periods, such as CARES Act Elementary and Secondary School Emergency Relief (ESSER) funds. Due to this infusion of federal funding, school divisions should quickly confirm that sufficient appropriation authority exists in the fiscal year (FY) 2021 school division budget that provides authorization to spend the CRF funds received.

The CARES Act requires that the payments from the Coronavirus Relief Fund only be used to cover expenses that:

- 1. are necessary expenditures incurred due to the public health emergency with respect to the Coronavirus Disease 2019 (COVID-19);
- 2. were not accounted for in the budget most recently approved as of March 27, 2020 (the date of enactment of the CARES Act) for the State or local government entity; and
- 3. were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020.

The CRF may not be used to replace lost local or state revenues for public schools in FY 2021, such as the reduction in state sales tax payments or the removal of other state Direct Aid to Public Education funding from the FY 2021 state budget. The allowable categories of uses for these CFR awards to school divisions are specifically listed later in this memo.

The CRF is provided to states under guidelines issued by the U.S. Department of the Treasury. The latest U.S. Treasury guidelines are available at: Coronavirus Relief Fund Guidance for State, Territorial, Local, and Tribal Governments; the latest accompanying U.S. Treasury FAQs on the CRF are available at: Coronavirus Relief Fund Frequently Asked Questions. School divisions should thoroughly read and familiarize themselves with the CRF guidance and FAQs and adhere to them in spending CRF. Local auditors may also be another source of compliance information on CRF.

Please note Question 53 from the U.S. Treasury FAQ document which states in part:

"...as an administrative convenience, [U.S.] Treasury will presume that expenses of up to \$500 per elementary and secondary school student to be eligible expenditures, such that schools do not need to document the specific use of funds up to that amount."

While this provision provides flexibility and discretion to school divisions in the use of CRF and on documentation requirements, it does not negate the requirement that CRF be used for costs in preparing for, responding to, and mitigating the impacts of COVID-19 in reopening and operating schools during the first months of the 2020-2021 school year or for qualifying costs retroactive to March 1, 2020. Also, if a school division, in addition to the funds awarded in this memo, also received CRF from the separate allocation the Commonwealth provided earlier to local governments and the total of both sources of CRF received exceeds \$500 per pupil, the school division must document in detail how the funds are used and that documented use may be required to be submitted to the Virginia Department of Education (VDOE) or other entities for review as part of subrecipient monitoring or audits.

The CRF awards provided to school divisions are allocated based on \$175 per pupil for students counted in the VDOE's current projection of September 30, 2020 Fall Membership for each division, for a total of \$220.8 million in funding statewide. The final school division CRF awards are shown in Attachment A. Please note that the school division CRF awards will not be adjusted later for actual September 30, 2020 Fall Membership. School divisions with very small enrollments were awarded a minimum allocation of \$100,000.

After school divisions submit a required assurance certification to VDOE that is signed by the division superintendent (Attachment B) by October 22, 2020, VDOE will proceed to pay 100 percent of the awarded allocations to divisions as soon as possible. It is critical that divisions return the signed certification form to VDOE by the October 22, 2020, deadline so that VDOE may proceed with processing the CRF payments to divisions. Please note that the usual federal Cash Management Improvement Act (CMIA) restrictions on holding federal cash do not apply to the CRF, allowing these funds to be paid to divisions upfront versus on a reimbursement basis.

Under U.S. Treasury guidelines, the CRF is available for COVID-19 related costs incurred through December 30, 2020. In order to minimize the amount of CRF that may go unspent by

divisions and which could be redirected to other uses by the final December 30th expenditure deadline, divisions will be required to submit a second certification to VDOE by November 15th indicating the status of their use of the funds. While VDOE will disburse the full CRF allocation to each division upon receiving the division's initial certification, divisions will be required to submit the second certification by November 15, in which the division superintendent will certify that:

- 1. All CRF funds are fully spent;
- 2. All CRF funds are spent or encumbered/obligated and will be fully spent by 12/30/20; or,
- 3. There is a balance of CRF funds that cannot be spent by division by 12/30/20 and will be returned to VDOE.

For school divisions that indicate funds cannot be spent by the required deadline on the November 15th certification, VDOE will require the division to return all unspent funds as quickly as possible so that the state can repurpose them for other CRF expenses. A specific deadline for the return of any unused funds will be communicated at a later time.

Reasonable capital expenditures may be incurred with CRF if the expense is specifically related to preparing for, responding to, and mitigating the impact of COVID-19 in reopening and operating schools, and was not an item accounted for in the school division budget most recently approved as of March 27, 2020. As is typically the case with federal funds, CRF may not be used for any costs that have been or will be reimbursed or covered with any other source of federal funding.

The CRF awarded to school divisions <u>must</u> be spent on the following categories of allowable uses:

- <u>Testing Supplies</u> expenses related to COVID-19 testing kits/testing costs for staff and students.
- <u>Personal Protective Equipment (PPE)</u> general PPE supplies and equipment for staff and students for use in safely returning to and attending school for in-person instruction.
- Facility Cleaning and Sanitization expenses for supplies and equipment needed to clean and sanitize public school facilities, particularly those used for instruction. Includes signage for buildings and grounds providing safety directions.
- Technology to Support Distance Learning includes one-time upgrades to division networks to improve virtual instruction delivery; additional student and staff devices needed to fully implement virtual instruction in the remote environment; refresh/replacement of student/staff computer devices near end of life or damaged to enable effective virtual instruction delivery; purchase of digital instructional content used in virtual instruction; and additional hotspot or MiFi devices enabling internet access for remote instruction.

- Staffing supplemental staffing costs (salaries, wage, benefits) for staff with duties related to COVID-19 response/mitigation for a temporary period, including hazard pay or overtime, or to avoid layoffs or furloughs of staff with duties related to COVID-19 preparation/response/mitigation (e.g., extra teachers or instructional aides needed to maintain social distancing; additional substitute teachers needed to support virtual classes and/or teacher absences, as well as substitutes for absences of support personnel; aides that monitor students during the day; teachers providing virtual instruction due to the pandemic; health services staff addressing COVID-related health needs; extra custodial, bus drivers, school nutrition staff, or other staff on temporary assignment for COVID-related duties). (Note: general, across-the-board, one-time employee bonuses are not an allowable use of CRF. See Question #29 in the U.S. Treasury FAQ guidance document.)
- <u>Capital Facility Upgrades</u> includes school building HVAC cleaning, upgrades, and purchases related to COVID-19 mitigation; installation of plexiglass barriers, wall dividers, hot water service, and other building upgrades such as isolation areas to mitigate COVID-19; facility upgrades needed to prepare for in-person instruction. Any capital costs paid with CRF should be reasonable and necessary and tied directly to COVID-19 preparation, response, and mitigation.
- <u>Pupil Transportation</u> includes school bus upgrades and purchases (purchases of additional buses needed due to capacity restrictions/extra route runs for social distancing and not routine bus replacements); also includes additional operating costs for extra bus routes due to capacity restrictions/social distancing. Any capital costs paid with CRF should be reasonable and necessary and tied directly to COVID-19 preparation, response, and mitigation. School buses should not be modified in any manner that would conflict with state or federal bus specification requirements.
- Emphasize Special Student Populations In spending the CRF for the above uses, school divisions should emphasize the use of the funds in schools so that they impact as much as possible English Learner (EL) students, students receiving special education, and young learners in grades PK-3.

The assurance certification form provided in Attachment B must be signed by the division superintendent and submitted to VDOE by **October 22, 2020**. Meeting this deadline is critical for VDOE to begin processing CRF payments to divisions. The division superintendent assures in this form that the school division will spend the CRF only on the allowable uses, by the final December 30, 2020 expenditure deadline, in accordance with the U.S. Treasury guidance on the program and requirements in this memo, among other provisions. The signed certification form should be emailed to VDOE in scanned .pdf format to <a href="mailto:CARESgrantapp@doe.virginia.gov">CARESgrantapp@doe.virginia.gov</a>. School divisions should anticipate additional monitoring and state-level reporting processes from VDOE after the December 30th expenditure deadline.

Please review Attachments C and D that provide terms and conditions information on the CRF funds. The FFATA certification form on executive compensation is also attached (Attachment E) since there are several divisions that have yet to submit this annual certification to VDOE as required.

Thank you for quickly preparing to spend this critical source of federal funding in support of public schools during the COVID-19 pandemic and for your careful stewardship in the use of these one-time federal relief funds. Questions about the division CRF awards should be directed to <a href="mailto:CARESgrantapp@doe.virginia.gov">CARESgrantapp@doe.virginia.gov</a>.

### COMMONWEALTH of VIRGINIA Department of Education

DATE:

October 9, 2020

TO:

Division Superintendents

FROM:

James F. Lane, Ed.D., Superintendent of Public Instruction

**SUBJECT:** 

Remote Learning for Inclement Weather Days

Many school divisions across the state have built or reorganized their service delivery models to provide instruction and support to their entire student population in a remote setting. As winter weather approaches, the Virginia Department of Education (VDOE) has received a number of inquiries regarding the use of remote learning infrastructure to continue instructional programming on days in which school may have otherwise been closed for inclement weather. Additionally, local school divisions have requested clarity on whether this instruction can count towards certain time-based requirements.

Superintendent's memo #230-20, issued August 28, 2020, reinforced the statutory and regulatory requirements that remain in place for the 2020-2021 school year. School divisions are expected to meet both the length of school term (also known as the 180-day or 990-hour requirement) and core instruction minimums, among other standards. Divisions unable to offer 180 days and 990 hours to *each* student in the brick-and-mortar setting will be required to submit a length of school term waiver based on flexible waiver criteria, as further defined in the memo, which establishes an alternative baseline for demonstrating "completion" for the 2020-2021 school year. Core instructional requirements could also be met through a combination of in-person and remote (synchronous or asynchronous) instruction. See VDOE's <u>Supporting Virtual Teaching</u> webpage for more information. Additionally, divisions are expected to meet state and federal obligations to serve students with disabilities, as the U.S. Department of Education has not issued any waivers for the Individuals with Disabilities Education Act.

While remote learning provides school divisions with more options for serving students in non-traditional settings, inclement weather poses a unique set of operational and logistical challenges. With that in mind, school divisions *may* be able to apply remote instruction delivered during an inclement weather day towards its measure of "completion" for the school year or for core

### Scott County Public Schools 2020-2021 Inclement Weather Plan

### Inclement Weather Plan (IWP)

The Inclement Weather Plan (IWP) is a program that encourages the continuation of academic instruction on days when school would otherwise be cancelled. The IWP days are designed to function in the same manner as our virtual/remote learning day on Wednesdays. Each school will create plans to deliver instruction to every student in the district and provide for student and teacher interaction on IWP days, with the ultimate goal of continuing instruction.

These days will count as instructional days for Scott County Public Schools (SCPS). The Inclement Weather Plan process shall be a continuation of learning that is occurring on regular student attendance days.

### Attendance/Duties

### Students

As Inclement Weather Plan days are considered instructional days, all PK-12 students are expected to participate. We will follow the SCPS guidance for virtual attendance on these days. Schools will track and record attendance in PowerSchool for participation in IWP instructional days.

### **Teachers**

Inclement Weather Plan days are considered teacher instructional days and count towards fulfilling the number of instructional days required by contract. As such, teachers are required to work virtually on IWP days. They do not have to report to the school building, but must be available to students during normal school hours. Teachers should be accessible to the students virtually or by other communication methods in case of questions about the coursework. However, other tasks such as calling students or conducting record-keeping tasks may also be assigned at the discretion of the principal. Core instruction will be met through a combination of in-person and remote (synchronous or asynchronous) instruction.

If a teacher is unable to work on an IWP day, leave time must be used according to division policy. A substitute will *not* be required.

### **Building Principals and Central Office**

The Building Principals and Central Office are required to work on IWP days. It is the Superintendent's discretion as to the work location and duties.

### Counselors/Librarians

Similar to teachers, school counselors and librarians are required to work on IWP days. It is at the building principal's discretion as to the work location and duties.

### Support Staff

Support staff may be assigned responsibilities on IWP days by their school principal or supervisor.

### Paraprofessionals/Personal Care Aides

Depending on the needs of the division, Paraprofessionals and Personal Care Aides may be assigned responsibilities on IWP days. If working on IWP days, they may help monitor the virtual classroom, make "check-in" calls with students, or perform any number of tasks related to typical duties.

### Clerical and Technology

Depending on the specific needs of the department, the supervisor may require on-site work on IWP days or allow remote work, if available.

### School Nutrition

The School Nutrition Director will provide a plan for school nutrition personnel to meet any needs in the cafeterias on an IWP day.

### Custodial and Maintenance

Custodial staff and maintenance will report to work as normal.

### • Bus Drivers and Bus Assistants

Depending on the needs of the division, bus drivers and bus assistants may be assigned responsibilities on IWP days. Staff will be compensated for actual hours worked.

### Meals

Breakfast and lunch will be provided to students in advance of the scheduled IWP days by distributing meals to the in-person learners as they leave the buildings at the end of the last school day in attendance before the closure. Full virtual/remote students will receive food by the normal delivery process with a possible change in delivery day based on weather conditions.

### **Extra-Curricular Activities**

It is recommended to not hold extra-curricular activities on IWP days. The IWP days do count as instructional days; however, if school is closed due to travel hazards, it is not recommended for students to gather for extracurricular activities after school hours.

### **Instruction Approaches**

Non-Traditional Instruction days are not a "free day" for teachers or students. They are considered instructional days where teaching and learning occurs.

The format that will be used for IWP days is the same as what is used on the virtual/remote learning day on Wednesdays. Teachers will follow pacing guides and continue providing instruction remotely. For some students, packets may be sent home for the duration of the IWP days.

### **Technology Needs**

Students were surveyed at the beginning of the year for technology needs of all learners. Families indicated if they had technology needs for items such as: chromebooks, internet access, the need for packets, etc. If a student has a need that has not been identified, please contact the school that your child attends as soon as possible.

The Division and School websites will have a link dedicated to IWP days and general information.

### **Students with Disabilities**

SCPS will educate all students on Inclement Weather Plan days. The educational needs of students with disabilities on IWP days will be met through accommodated and modified instruction with accommodations as outlined in the Individual Education Plan (IEP).

Special education teachers should develop a plan relating specifically to how IEP accommodations will be met on IWP days (IWP days are defined as virtual/remote learning days due to inclement weather.) The IWP days are designed to function in the same manner as our virtual/remote learning day on Wednesdays. It is especially important to understand what type or level of parental support the student will have at home on IWP days before deciding on an educational plan for IWP days. IWP day procedures would vary depending on a student's individual needs but could include any of the following examples:

- the regular classroom teacher adjusting the lesson to meet accommodations,
- the special education teacher creating student specific lessons,
- the regular education and special education teachers working together to adjust and create lessons, which could be in the following forms (special education tool kits):
  - o sending familiar manipulatives home with the students,
  - downloading lessons or educational games onto a tablet and sending it home,
  - o paper packets,
  - o creating lessons focusing on life skills,
  - using technology to create face-to-face learning experiences.

The regular education and special education teachers must be available to students virtually, or by other communication methods in case of questions about the coursework.

### English/Language Learners should continue to receive services on IWP days

IWP day procedures would vary depending on a student's individual needs. The English Learner teacher must be available to students virtually, or by other communication methods in case of questions about the coursework.

### **Procedures for Decision Making**

SCPS will begin informing families in early November about the IWP Program, before inclement weather creates schedule changes.

The Transportation Team and Superintendent monitors weather forecasts and checks roads
Roads and multiple online weather sites are checked. TV and radio forecasts are considered.
Occasionally, Superintendents and Transportation Managers from other divisions are in communication.
Decisions to use IWP Days or an altered schedule will be made as early as reliable information is available to make a sound decision.

IWP days will be used for school closures during the 2020-21 school year. Scott County Public Schools may also utilize a traditional two (2) hour delay schedule.

### Checking Roads

The Transportation Team drives routes to check conditions of roads that several buses will be traveling. In traditionally shady, slick, and those areas that seem to be more troublesome due to their steepness, accessibility, width, etc. A decision to alter the schedule may be made at this time.

The Transportation Manager checks the weather forecast for the day, and calls Transportation Team members and asks for an update on the road conditions near their homes. A decision to alter the schedule may be made at this time. If the schedule if altered, the Central Office Staff begins calling radio and television stations. The Superintendent and/or Chief Technology Officer sends out a message via Social Media, email, voice call, and/or text message.

### Temperature concerns

When temperatures are expected to be below 10 degrees we will <u>consider</u> making a schedule change. Factors to be considered during these conditions include cloud cover, wind chill, radiant heat factor, and hourly temperature changes. When temperatures drop to single digits during the time of normal bus routes, a delayed schedule may be used. This will enable custodial and maintenance staff more time to ensure that all areas of the buildings are heated properly prior to the arrival of students and staff and that buses are able to start and warm appropriately prior to departure for routes.

### **Emphasis on Safety of Students and Employees**

The safety of our students and staff are the most important factor when decisions are made to alter school schedules. Other factors include current road conditions, future weather predictions, and comfort/function of buildings.

Example: Roads might be snow/ice covered at 5 AM with forecasts showing more snow/ice to follow, and there would be a need to close; however, if roads are snow covered and the forecast is calling for the snow to stop and temperatures to rise quickly, a two-hour delay schedule could be utilized.

Forecasts are not always accurate, so it is necessary to continue checking roads throughout the morning on a day of a delayed schedule.

The transportation team recognizes the burden that is placed upon parents when a decision is made to change the school schedule. The team will always try to consider the importance of parental convenience when making decisions to alter school schedules. However, student and staff safety will be the primary factor that is considered.

The goal is to have the announcement of the schedule change to radio/television stations and to parents/guardians as soon as possible.

On IWP days and division-wide, teachers do *not* report to schools, but must be available to students during normal school hours, virtually or by other communication methods in case of questions about the coursework. On unscheduled early release days, teachers will not be expected to teach virtually during

that time; however, virtual or remote learning will be provided to students when they miss an entire day.

### Two-Hour Delay

When the school division is on a two-hour delay, classes will begin two hours later than normal time. The school day will end at 3:15.
