April 1, 2020

Parents, Students, and Staff,

With Governor Northam closing schools for the rest of the academic year, our job of educating our county's children has rapidly evolved. We realize this closure creates many challenges for families, and we are working to meet these needs and bridge the digital divide that exists in our county. The road ahead is uncharted territory for us all, and we are grateful for your patience, kindness, understanding during this time.

The attached documents include our remote instructional plan as part of our response to the COVID-19 public health emergency. While these documents will not replace the classroom learning experience, it is our concerted effort to empower our educators and provide them with the resources they need to engage students in high-quality learning while schools are closed. As these documents are updated, new additions will be noted in red.

Please continue to remain safe, practice social distancing, and know our team is here for your support.

John I. Ferguson
Superintendent
Scott County Public Schools
